## The Christmas Machine (Part 1)

Winter has Duckburg in its icy grip!  
But where's the snow?

Look at this nasty weather!

It's rubbish!

Just cold and miserable!

(Sigh!) The **Christmas** holidays are nearly here and there's **no snow** yet.

Everyone in Duckburg seems fed up with it!

Even Unca Donald's in a mood!

Humph! How can you have **holiday spirit** without a **white Christmas**?

Keep your fingers crossed, men. Maybe **tonight** will be the night!

Donald was right!

No! I won't sell, Muldoon!

C'mon, McDuck! What d'ya wanta hang on to that worthless, dried-up hunk o' desert land for?

The town of **Squeezed Cactus** and its hills is **not** worthless — that's where my **Shmorax** miners live!

It may not be as valuable as gold or oil, but Shmorax makes me a **tidy profit!** It's the main ingredient in McDuck Golf-Ball Cleanser!

Those townspeople are **loyal** and they pay their rent on time! I won't sell them out — so **scram!**

Th' old codger's tough to budge, but I'll find a way!

McDuck pays so little attention to that parched patch o' sand... he don't even know what I, **Hurley Muldoon**, have discovered!

Squeezed Cactus is sittin' right smack on top of a huge **oil-field!** This is my chance to strike it rich! Hee! Hee!

Uh-oh! Someone's comin'!

That's nothing! The trajectories of these decorations are specially controlled...

...to land precisely on target!

And now for the big finale...

...the Christmas Tree itself! Its high-tension, spring-loaded action...

KLUNK!

SPROING!

...allows it to automatically telescope out to enormous height!

Gosh! It's a real winter wonderland!

No doubt about it...

...the good folks of Squeezed Cactus won't have the holiday blues much longer!

But all is not well in the town of Squeezed Cactus...

I'm tellin' ya, it ain't doin' ya no good hangin' round these dusty parts workin' for McDuck!

Ya don't see him livin' out here, do ya?

He don't even appreciate all your toil an' labour! You folks should just up and move on to greener pastures!

Whiter pastures more like! Christmas in this town is a sorry affair!

(Ptoo!) We're all feelin' awful low!

Maybe the stranger's right! Why shouldn't we up sticks?

That's the spirit, pardner!

Yeah! Scrooge won't care!

When was the last time he visited us personal-like, anyho-?

HONK!  
HONK!

Hellooooo, Squeezed Cactus!

It's McDuck!

Uh-oh! What's he doin' here?

(Gulp!) I'd better lay low!

What's Muldoon a-gonna do, pardners? Ride back into town with us on page 39!

# A DATE WITH DAISY!

FEL 747

Donald and Gladstone are about to have a ski race - Daisy has promised to take the winner out for a big Christmas dinner! Follow the ski runs to see who gets the date!

The answer is on page 47

# GYRO'S CHRISTMAS WORKSHOP

Gyro has been busy working on robots over the last few weeks and has decided to make some as Christmas presents! He's made six that he thinks are the same, but one is different. Can you spot it?

Uncle Scrooge is looking at the three robots on the floor. Which point does each robot plug into?

Gyro has a few spare parts left to make new robots. How many robots like the one in the picture can he make from the parts on the floor?

There are lots of hammers all jumbled up on the right. How many are there altogether?

The answer

re on page 47.

## The TV Pirate (Part 1)

Over the last few weeks, Zoom Transport has been delivering supplies to the massive Grand Valley bridge project...

I know regular work's a good thing, Mickey, but it's kinda dull! These Grand Valley trips seem to take **forever!**

Running a business isn't all fun, Goofy. Sometimes it can be a hard slog!

Detective work is no better, believe me! All that sitting, watching, waiting...

Yeah, wull...all I know is I'm gonna miss **Dirk Duck** on TV again!

**Dirk Duck!** I forgot! It's the final episode **tonight!**

If we **hustle** we can get back to town before the first commercial break!

**Yowp!**

D'you figure Dirk'll finally meet the one-legged man?

You bet! It's been leading up to that **all series!**

The place isn't just empty, it's deserted!

Maybe they finished the bridge!

Nope! They've hardly started.

What's weirder is...

GRAND VALLEY BRIDGE CONSTRUCTION SITE

...all the equipment's gone!

There are tyre tracks heading off that way.

Could be they picked a better place to build!

Not likely! The tracks lead up a steep hill!

I guess that don't make a whole lotta sense, huh?

Not a bit!

Finally...

Hey! We found 'em!

Yeah, but look what they're doing!

He's not a very nice guy!

Not very nice? He's fiendish!

In case you haven't noticed, he's **chained** us to the ariel's transformer!

Y'mean...when The Blot goes on air, we go up in smoke?

Nothing gets past you, does it, Goofy? We've got to get **out** of these chains and **stop** that broadcast!

Might...umph...be a tall order!

That's a fact...

Whew! It's no good! We're stuck!

How soon to the broadcast, d'ya think?

Just then...

**Attention! Hear and obey!** Get all your tools and go back to your building site. In one hour you will **awake** and remember **nothing** of what you have been doing!

Hm. The Blot always says "Attention! Hear and obey!" I wonder if it'd work for me...

Four and a half minutes until **showtime**, mouse!

Phew! What a scorcher! Has The Blot's plot topped the lot...or what? Find out next issue!

## The Christmas Break

Yikes! That window dresser's sense of humour is completely wrong for **Harridges!**

What we really needed was some lipstick to make his nose red!

Just drive carefully! Your **face'll** be red if we get copped!

Uhh! We **have** been! Here comes a cop car!

Leave all the talking to me!

You were right - it is Santa! But what's he doing in Duckburg?

We've just picked up his new GTI model sleigh! The old one was falling to bits!

But why aren't you flying?

Air Traffic Control warned us about low-flying aircraft! Now, if you don't mind, we're in a hurry to get back to the North Pole!

Right! We'll give you an escort to get you through the traffic!

Make way! Open that road block for Santa, or there won't be any presents for bobbies!

All you'll find in your stockings will be holes!

Ahem! Well, we've, er, escaped from prison!

A-and we're freezing! P-please will you take us back?

Certainly, boys! Santa's always ready to spread a little happiness!

Before long...

Better give Rudolph his antlers back, too!

I'll drop you off at the prison and then return the horse and sleigh to their rightful owner!

Later...

You've been very, very naughty, boys!

We know, Governor! And we're very, very sorry! But it is Christmas, sir! And...

You did return of your own free will, so I won't be too harsh. You'll all be put on kitchen duty!

And so...

Ha! What's come over you lot? You don't usually work this hard!

We're not usually starving, that's why!

Yeah! Christmas dinner, here we come!

# GYRO GEARLOOSE

## Christmas On The Rocks

Whoo-ee! If I'm not careful, they're going to end up having to rescue me!

You must be crazy to be flying that contraption in this weather, Gyro!

No crazier than you trying to go out to sea in that, Chief!

We're trying to get Christmas presents and food out to the keepers on Stormy Rock Lighthouse!

Even if we manage to get away from the pier, landing at the rock will be impossible! I think we'd better call it a day!

Why not use my saucer? It'll need a few trips to get everything across, but it's worth a try!

You've just made my Christmas, Gyro!

And so...

Wish me luck, boys!

Luck? He'll need a miracle to get across in that flying bucket!

(Gulp!) There'll be some very happy fish down there this Christmas!

(Gasp!) I hope it won't be Gyro next!

Yeaagh! And it looks like I might get to join them!

(Gurgle!)

SWISSH!

(Gasp!) Now I know what a submarine periscope feels like!

Wow! If someone could recreate that ride in a fairground they'd make a fortune!

WHUMMP!

Soon...

It was a good try, Gyro, but I guess the men on Stormy Rock will have to wait!

Hmmm...I wonder? If we can't go on the water, or over the water, how about under the water?

You wrap the goodies up so they're waterproof. I can get this suit working in no time!

Are you sure you didn't bang your head in that crash?

Soon...

I've lost track of his bubble trail! The sea's too rough!

And it's getting worse! He'd better hurry and pull that package over before it's too late!

Uh-oh! I hope I'm not going to end up as some fish's Christmas dinner!

!

Hmm! Maybe he was afraid he'd end up as my dinner!

Happy Christmas, old pal!

Later, in Stormy Rock Lighthouse...

Who on earth could that be?

A double glazing salesman with a submarine?

HO! HO! HO! Santa's here!

I need some shore leave! I'm seeing things!

I've got some Christmas gifts at the end of my rope. But first, I'd be grateful if you could get this helmet off me!

Sure thing, Santa!

Soon...

How's that?

Marvellous! But now we've got some work to do before you two can have a proper Christmas!

Can you help me pull the package over from the other side? Here's the rope!

You sit back down and leave that to us! You've done enough for one day!

Shortly...

Gyro, here's a note from the Chief! The weather's got worse, so I'm afraid you're stuck here for Christmas!

No problem! Now that I've got some friends to share Christmas with, I wouldn't be anywhere else!

That's just as well, 'cause it'll take all three of us to finish that turkey!

But unknown to Scrooge, Hurley Muldoon has discovered an oil-field beneath Squeezed Cactus! Muldoon wants the land for himself, and he'll stop at nothing to get Scrooge to sell!

Citizens of Squeezed Cactus! Are you ready to kiss those holiday blues goodbye?

What're ya tryin' to do t'us, McDuck?

That does it, McDuck!

We're fed up with you!

We're a-gonna pack our bags an' skedaddle!

Who needs you or your jobs?

(Sigh!) I tried to give these folks a nice Christmas, and instead I've ruined everything!

Well, howdy, McDuck! Fancy meetin' you here! What a coincidence!

Hurley Muldoon!

So do ya wanna reconsider sellin' this sand-trap? I'm only interested if you'll let the place go cheap!

Yeowch! That hurts! But what can I do? I can't hang on to this place if it's empty.

Meanwhile...

That no-good, hayseed crook! He won't get away with this!

Some of them  
are given to me,  
Pluto is making paw  
prints in the snow,  
Mickey and Minnie are  
under the mistletoe,  
Santa is bringing his sack full  
of toys,  
For all the good girls and boys,  
Decorations are hanging on

Our Christmas tree is very tall,  
All the angels are singing their  
song,  
I think Christmas-time is  
Number 1!
